 Fort Wayne at Grand Rapids 2-1.
 Columbus at New Castle 4-1.

TO-DAY'S GAMES.
 Youngstown at Wheeling.
 Columbus at New Castle.
 Dayton at Toledo.

Wheeling lost a well played game with Youngstown, Friday afternoon because Roach was a puzzle the Nallers were unable to solve except to the extent of five scattered hits, while on the other hand, the Giants hit Crabb for ten safe hits, several of which were bunched and materialized into the four runs they scored. Roach's success was due largely to the magnificent control he exhibited, notwithstanding the fact that the grounds were muddy and the ball difficult to control.

The game was not called until nearly 4 o'clock, owing to the hard rain of the morning, which made the grounds a sea of mud. The liberal use of sawdust on the infield, however, made it possible to play the game. Only a handful of spectators were present.

Wheeling got a run in the first. Dobbins was a base on balls, and with Durrett down Niles also secured free transportation. Lytle was an out, but Kihm's two-bagger in the air which the slow condition of the grounds made it impossible to field for an out, brought in Dobbins with the run.

Youngstown scored twice in the second. On Niles' error, McCredie was safe at first, but he was retired on Gahner's infield hit. Derte walked, and Donovan's hit scored Gahner. Roach was the second out, but Van Buren's single scored the second run. Donovan's hit scored McCredie.

At the sixth, the visitors scored their second pair of runs. Connors hit for a home, second. Truly tried to sacrifice but the best he could do was a strike-out. McCredie hit for two bases, scoring Connors, and Derte's two-bagger scored McCredie.

In Wheeling's lucky eighth, the locals scored once on Dobbins' three-bagger and Durrett's single, but the next three men were out. In the ninth the locals were downed in one-two-three out. Score:

"ALL TIRED OUT"

Ayer's Sarsaparilla

It makes the blood pure and gives a new life and vigor. The starved system is reinvigorated. The head ceases to ache. Your brain keeps clear. You are not obliged to begin the dose with a small quantity. It is a blood purifier. J. C. AYER & CO., Lowell, Mass.

MARTIN'S FERRY NEWS.

The Daily Chronicle of Wheeling's Progressive Neighbor.
 Special train for the Cleveland, Lorain & Wheeling Massillon excursion Sunday, will leave the Cleveland, Lorain & Wheeling depot at 9 a. m.; Washington street at 9:05 a. m.; Aetna-Standard mill, 9:35; return, leave Massillon, 7 p. m. Fare only \$1 round trip.

A meeting of council last Tuesday evening, an adjournment was taken until this evening, and it is hoped that by a full attendance of members the new body may be organized, the attempt made at the last meeting being frustrated by a vote for president.

The Juvenile Good Templars No. 4, held a well attended and interesting meeting in the J. O. U. A. M. hall yesterday afternoon. The membership of the order is increasing rapidly, and thirteen were added to the list at yesterday's meeting.

George W. Kieger, arrested Thursday evening, for wife-beating, was released from custody yesterday afternoon, his wife, who was instrumental in his arrest, appearing and withdrawing the charge. Kieger paid the costs in the case.

Presiding Elder Jackson, of Steubenville, will conduct quarterly conference in the Methodist Episcopal church to-night. To-morrow evening he will assist Rev. Morton with communion services.

George McClaine, of Bridgeport, will move to this city in a few days, and occupy the George Vennum property on Broadway. Mr. Vennum has moved to the Timberlake property on Fifth street.

George Helling, teacher of the south school, has resigned his position as schoolmaster and has accepted a position in the Laughlin mill office.

Dr. B. O. Williams, who has been in New York City for the past six weeks, taking a post-graduate course in medicine, will arrive home to-day.

Funeral services over the remains of Mrs. Mary Williams, who died Thursday will be held in St. Mary's church at 9 o'clock this morning.

Prof. W. H. Stewart has been reappointed by the school board as superintendent of our public schools for the next two years.

Harry Humphreys has purchased from James Bayless the store room on Fourth street, now being occupied by him.

Prof. A. H. Reynolds, of the Clearing school, went to his home near Charleston yesterday, to spend Sunday.

The Alumni held a rehearsal for their entertainment on the 20th inst., in the opera house last evening.

Mrs. Michael Ryan, of Sixth street, who has been very low with consumption, is slowly improving.

Rev. Dons, of Allegheny, will fill the United Presbyterian pulpit to-morrow morning and evening.

Oscar Hampton, of Bellair, was the guest of William McKelvin and family yesterday.

R. D. Robinson went to Grandview, yesterday, to make a short visit with relatives.

The Belmont Union Barbers will hold their postponed session Monday evening.

The ferry boat Conover will make a trip to Wheeling wharf to-night.

E. J. A. Drennen was transacting business at Maynard yesterday.

T. H. Runkles has returned from East Liverpool.

PROTECT OUR HOMES.

Catarrh Our Greatest Enemy—Pe-ru-na Our Protector.

The Roberts Family, of Denison, Iowa, Are Healthy and Happy—A Rare Sight in These Days. They Say, "We Think Pe-ru-na is The Greatest Medicine On Earth."

No man is better known in the State of Iowa than Mr. C. T. Roberts, contractor and mason. A typical American—active, shrewd, and full of business sagacity. He is not only a provider for his family, but a protector. In a recent letter to Dr. Hartman he writes, among other things, as follows:

"Our boy, James, had the membranous croup, and after he recovered he was subject to repeated attacks of lung fever. Our boy, Charlie, was also subject to attacks of pneumonia and pleurisy. Our third boy, John, was subject to fever and ague (malaria) and liver trouble. Your remedy Pe-ru-na cured my boys entirely, and now I have three of the healthiest boys in the State of Iowa, which I attribute to your medicine. My wife had a stomach trouble which Pe-ru-na also cured. Altogether for my whole family we have used nineteen bottles of Pe-ru-na, and have thus saved \$50 in doctors' bills. I am a contractor and mason by trade, and am known all over Northwestern Iowa. I have had a stomach trouble which has been greatly relieved by your remedy Pe-ru-na, for which I am still taking it. We think it is the greatest medicine on earth."—C. T. Roberts, Denison, Ia.

This beautiful and healthy family is the best recommendation any medicine can have. Not only is Pe-ru-na to them a matter of economy, but it has become a source of safety and happiness.

Mr. T. G. Walker, Carmel, Kansas, writes: "It is with pleasure that I report that I am better than I have been for many years. I believe Pe-ru-na is without a doubt the best medicine that ever was used in a family. It has cured my nervousness, with which I had been afflicted for a great number of years."

Mrs. S. E. Dicker writes: "I am sure that Pe-ru-na is one of the best medicines on the market. I have taken it every winter for the last four years. I last tried it after a long, hard spell of the grippe, for cough and catarrh caused by the grippe. I am sure that I would have been in my grave now had I not used it. I have told many others the good it did me. Everybody said that I had caught cold, and I knew that I would have unless I got relief. Every fall for the last four years I take it as a preventive from cold. I believe that if people knew what a great preventive Pe-ru-na is they would have less trouble from that dreaded disease, the grippe. It never fails. I am well advanced in years, but I feel that I might live through many winters with the help of Pe-ru-na. I never forget to recommend it to young as well as old for all kinds of colds, coughs, catarrh, etc. I feel it my duty to give praise where it is due. I am and ever shall be grateful to the man who discovered Pe-ru-na."

It is a fact of ever-increasing astonishment that so many otherwise sensible and provident people will, for the neglect of so simple a precaution as to have a bottle of Pe-ru-na at hand, bring upon themselves the needless suffering and foolish expense that a practitioner of my nervousness, with which I had been afflicted for a great number of years."

Mrs. S. E. Dicker writes: "I am sure that Pe-ru-na is one of the best medicines on the market. I have taken it every winter for the last four years.
